\*\*Giving to the Incentive Funds provides a donation to every local nonprofit that participates in Giving Tuesday (65 participated last year). The Incentive Funds are spread out to all the nonprofits as a “match” to each donation they receive. Meaning donor dollars go further on Giving Tuesday. For example, if a donor donates \$1,000 to a local nonprofit during Giving Tuesday, the nonprofit will receive around \$1,200 because of the Incentive Funds. The more Incentive Funds we collect the more it encourages people to donate during Giving Tuesday. That means more money for all the local nonprofits. During the last two years we have helped raise over \$1 million for local nonprofits during Giving Tuesday!!
